CV for John Alexander Staton Narrative

John comes from a background of over 40 years experience in the pharmaceutical and health care industries. He spent over 15 years with Soul Pattinson Laboratories, then the manufacturing arm of the larger retail, wholesale and pharmaceutical manufacturing group, playing various technical roles. He was also Operations Manager of Cenovis, now a division of Mayne, for 7 years. John left his final position as General Manager of Soul Pattinson Laboratories to become a consultant to industry where he has spent the last 15 years.

John is a Past President and Life Member of Australian Society of Cosmetic Chemists .

He serves on a number of industry representative roles with ACCORD, ASMI, ASCC, TGA and Standards Australia.

He is currently Australian representative to the ISO Committee on Sunscreen Testing - Technical Committee 217 - Working Group 7 and will chair the Water Resistance and Photostability Committees of that Group.

John is a founding Director of two consultancy companies - Technical Consultancy Services, provides new product development and Dermatest, one of only two laboratories in Australia which are recognised by Standards Australia for the conduct of SPF testing. Dermatest has been conducting SPF testing and skin efficacy and evaluation studies continuously since 1997.
